DETAILED ACTION

Allowable Subject Matter

Claims 1-102 are allowed.

The following is an examiner's statement of reasons for allowance: The amendments made to independent claims 1, 25, 51, and 75, specifically, "the graphical user interface enabling a user to interactively (i) select and view an icon representing a specific instance, I1, of a specific class, C1, (ii) view a list of one or more relations relating the class C1 to other classes, (iii) select a specific relation, R, within the list, and (iv) view an icon representing an instance, I2, or another class, C2, related to the instance I1 according to the selected relation R". This limitation overcomes the cited prior art, specifically the Chang and Yeager references, as the limitation relates a single icon to a single instance, and presents a user-selectable list of relations related to a selected class. These limitations are not found in the cited prior art, nor were the limitations found in a supplementary prior art search conducted by the Examiner. As a result, claims 1, 25, 51, and 75 and their dependent claims are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
